DEPARTMENT OF EDUCATION BUDGET INFORMATION

The Government has just released the State Budget 2015-16 including the budget for the Department of Education. I encourage you to find out the details on the Government’s website.

You will see that the State Government will spend $4.798 billion on primary and secondary school education in 2015-16, an increase of $294.4 million or 6.5% on 2014-15.

The Department of Treasury has provided a budget infographic depicting the public education budget for 2015-16 which is on our website.

To ensure your school community can easily access information on the public education budget, please include a hyperlink to the budget infographic on the homepage of your school web/social media sites. Options of an image and link or a text link only are on the corporate communications and marketing intranet.
